

# FEATHERSTON

*community centre*

What's going on?  
Trades people everywhere!

We have had some super exciting funding provided to remove the diesel heating system and switch to clean heating! Everyone is working super hard to get the install completed before the weather gets too cold.

In the meantime, we have a few heaters to use on the cool mornings and of course, the lovely fireplace.

The Community Kitchen is looking great and, well on the way to, reaching commercial standard. It is very spacious! Even enough room for a table and chairs, plus the added bonus of an adjoining door to the Kauri (function) room.

Huge thanks to our Community Kitchen funders - Transpower Community, South Wairarapa Rotary, Trusthouse Foundation and Lotteries.

Lastly, more storage space is going into the Kauri room! It is being built into the wall, so it does not affect the room size. The Featherston Knitters cupboards will find a home here. Thanks to Fab Feathy and Eastern and Central Community Trust for funding this project.

Please note that under our new rates schedule, effective 1st April 2024, storage will be charged in addition to room hire fees.
